"The epic conclusion to the Benjamin Ashwood series! Ben and his friends have defeated a deadly threat to mankind, and gained powerful allies along the way, but sometimes the biggest danger is ourselves. In the final book in the Benjamin Ashwood series, Ben will have to take the mantle of leadership to prevent a war that will devastate Alcott"--Amazon.com.

Endless flight continues the epic saga of Benjamin Ashwood. As Ben flees from powerful forces, the course of political alliances and a war hinge on information he possesses. A journey into uncharted territory uncovers important information and sets the stage for an epic battle between mankind and evil.

Dark Territory is the third book in the wildly popular Benjamin Ashwood series. After uncovering the existence of an ancient, secretive organization, Ben must track down its whereabouts to enlist help in a battle for the fate of humanity. He goes behind enemy lines and faces certain danger. He must convince the powerful elites that the looming threat to Alcott is real. If the opposing factions do not put aside their differences and join forces, the fate of mankind may be sealed. With what Ben knows, the solution is obvious. But the murky political waters of Alcott are not easy to navigate. The inexperienced young man from the country will have to act quickly before it is too late for everyone.

The fate of empire is to crumble from within. A heinous murder in a small village reveals a terrible truth. Sorcery, once thought dead in Enhover, is not. Evidence of an occult ritual and human sacrifice proves that dark power has been called upon again. Twisting threads of clues lead across the known world to the end of a vast empire, and then, the trail returns home. Duke Oliver Wellesley, son of the king, cartographer, and adventurer, has better things to do than investigate a murder in a sleepy fishing hamlet. For Crown and Company, though, he goes where he's told. As the investigation leads to deeper and darker places, he'll be forced to confront the horrific spectres rising from the shadows of his past. When faced with the truth, will he sacrifice what is necessary to survive? Samantha serves a Church that claims to no longer need her skills. She's apprenticed to a priest-assassin that no one knows. Driven by a mad prophecy, her mentor has prepared her for a battle with ultimate darkness, except, sorcery is dead. When all is at stake, can she call upon an arcane craft the rest of the world has forgotten? The fate of empire is to crumble from within. Do not ask when, ask who.

A ranger's duty. The rotten heart of a king. Rebellion spilled from the blood of family. Rew, the King's Ranger, leads his young companions on a deadly journey to find their father. On a path that twists across the Eastern Territory, they fight toward the prison where Baron Fedgley is held. The party will face bandits, assassins, treacherous noblemen, spellcasters, and Rew's fellow rangers to get there. Raif and Cinda, desperate to recover their kidnapped father, will risk anything to find him. Raif, equipped with his family's enchanted greatsword, but forced to acknowledge he's not as strong or as skilled as he once believed, will charge into a world he's never experienced. Cinda, awakened to strange and dangerous necromantic magic, will have to control vast power she never expected. Confronted with the truth of his past, and terrible knowledge he cannot ignore, Rew will choose between hiding and saving his soul, or sacrificing it all to protect those he's come to love. Will the ranger's path take them into the wilderness and safety, or into the heart of the kingdom and an epic confrontation?

A ranger's duty. The rotten heart of a king. Rebellion spilled from the blood of family. In Book 4 of the King's Ranger series, Rew and his companions find themselves transported across the kingdom and flung into the teeth of waiting danger. There's no time to rest as they go from one deadly circumstance to another. It's a trap, but are they the trap's bait or its jaws? As the companions continue their quest against the king and the princes of Vaeldon, they discover they're the masters of horrific power. Their strength rivals that of the greatest swordsmen and spellcasters in the kingdom's history, but when they use that strength, the cost is weighed in lives. The price of victory is high, and Rew and his friends carry the burden of that sorrow. Are the spoils of victory worth the tragic loss it takes to achieve them? Can Rew and his companions justify their crusade against the Mordens when the line separating them grows ever thin?

"Ben returns in Book 5 of the popular Benjamin Ashwood series. Magic, adventure, and epic battles. The board is set for an incredible conflict that will determine the fate of the world. Can Ben and his friends assemble enough strength to save Alcott - from the demons and from itself?"--Amazon.com.
