This is a tasty little read covering the transition of an émigré from England who landed in the sophisticated world of tech in Silicon Valley, and gave it all up and worked as a barista for Starbucks for 13 years. This follows him in a heartwarming and true tale of his survival, perseverance and triumph. It is as much about a fixture in landscape, Starbucks, that beckoned to him with a promise of human connection, and what follows, as our social paradigms change, including the upheaval of COVID-19.When do we get to play again? Start by reading this book...

Leonard Sweet shows you how the passion that Starbucks® has for creating an irresistible experience can connect you with God ' s stirring introduction to the experience of faith in The Gospel According to Starbucks. You don ' t stand in line at Starbucks® just to buy a cup of coffee. You stop for the experience surrounding the cup of coffee. Too many of us line up for God out of duty or guilt. We completely miss the warmth and richness of the experience of living with God. If we ' d learn to see what God is doing on earth, we could participate fully in the irresistible life that he offers. You can learn to pay attention like never before, to identify where God is already in business right in your neighborhood. The doors are open and the coffee is brewing. God is serving the refreshing antidote to the unsatisfying, arms-length spiritual life—and he won ' t even make you stand in line.

Get the skinny on your morning joe Do you swear by your morning jolt of caffeine but are hard-pressed to tell a siphon from a slow dripper? No problem: just order a fresh copy of Coffee For Dummies for a smooth blend of fun facts and practical advice to give an extra shot of flavor to your appreciation of the second-most valuable commodity on planet Earth—and filter out all that excess grind in your knowledge. This warm and welcoming serving from passionate coffee guru Major Cohen—a Specialty Coffee Association certified instructor, and now retired highly respected former Starbucks coffee educator and program manager—takes you on a rocket-fueled journey from the origins of the liquid bean ' s popularity to best ways to prepare and enjoy coffee in your own home. You'll learn how to evaluate the advantages of different coffee styles and makers, and how even the smallest detail—varietal, roast type, texture—can influence how good that cupped lightning tastes on your tongue. Evaluate different roasts or brews Navigate menus for the best deals Learn how to speak " coffee " and order your half-cap-low-fat-no-sugar-add-whip with confidence Save money with the best store apps Meet some of the unknown pioneers of coffee that have made our coffee world of today See how you might think bigger about your coffee spend changing the world The average American spends over \$1000 on their daily brain juice every year: why not hire Coffee For Dummies as your personal barista and get more for your money—and from each invigorating sip.

Get connected. The Complete Idiot's Guide® to Creating a Social Network takes reader through the technical aspects of creating a successful site - and addresses the responsibilities involved in running one. ? Covers how to build and maintain a website through a white label service such as GroupSite or Ning, and by using customized software for creating one's own network ? Addresses such issues as privacy, authenticity, fostering participation, quality versus quantity, moral and ethical guidelines, and much more ? Americans now average more than six hours per month on social networks, with an active unique social network audience estimated to be from 149 million-up 29 percent from 2009 ? Ad revenue taken in by social networking sites is growing rapidly, and many people and companies are looking for ways to get in on this growth

In this #1 New York Times bestseller, the CEO of Starbucks recounts the story and leadership lessons behind the global coffee company's comeback and continued success. In 2008, Howard Schultz decided to return as the CEO of Starbucks to help restore its financial health and bring the company back to its core values. In Onward, he shares this remarkable story, revealing how, during one of the most tumultuous economic periods in American history, Starbucks again achieved profitability and sustainability without sacrificing humanity. Offering you a snapshot of the recession that left no company unscathed, the book shows in riveting detail how one company struggled and recreated itself in the midst of it all. In addition, you ' ll get an inside look into Schultz's central leadership philosophy: It's not about winning, it ' s about the right way to win. Onward is a compelling, candid narrative documenting the maturing of a brand as well as a businessman. Ultimately, Schultz gives you a sense of hope that, no matter how tough times get, the future can be more successful than the past.

In Pour Your Heart Into It, former CEO and now chairman emeritus Howard Schultz illustrates the principles that have shaped the Starbucks phenomenon, sharing the wisdom he has gained from his quest to make great coffee part of the American experience. The success of Starbucks Coffee Company is one of the most amazing business stories in decades. What started as a single store on Seattle's waterfront has grown into the largest coffee chain on the planet. Just as remarkable as this incredible growth is the fact that Starbucks has managed to maintain its renowned commitment to product excellence and employee satisfaction. Marketers, managers, and aspiring entrepreneurs will discover how to turn passion into profit in this definitive chronicle of the company that "has changed everything... from our tastes to our language to the face of Main Street" (Fortune).

We typically take public space for granted, as if it has continuously been there, yet public space has always been the expression of the will of some agency (person or institution) who names the space, gives it purpose, and monitors its existence. And often its use has been contested. These new essays, written for this volume, approach public space through several key questions: Who has the right to define public space? How do such places generate and sustain symbolic meaning? Is public space unchanging, or is it subject to our subjective perception? Do we, given the public nature of public space, have the right to subvert it? These eighteen essays, including several case studies, offer convincing evidence of a spatial turn in American studies. They argue for a re-visioning of American culture as a history of place-making and the instantiation of meaning in structures, boundaries, and spatial configurations. Chronologically the subjects range from Pierre L ' Enfant ' s initial majestic conceptualization of Washington, D.C. to the post-modern realization that public space in the U.S. is increasingly a matter of waste. Topics range from parks to cities to small towns, from open-air museums to airports, encompassing the commercial marketing of place as well as the subversion and re-possession of public space by the disenfranchised. Ultimately, public space is variously imagined as the site of social and political contestation and of aesthetic change.

Now in paperback, the national bestselling riches-to-rags true story of an advertising executive who had it all, then lost it all—and was finally redeemed by his new job, and his twenty-eight-year-old boss, at Starbucks. In his fifties, Michael Gates Gill had it all: a mansion in the suburbs, a wife and loving children, a six-figure salary, and an Ivy League education. But in a few short years, he lost his job, got divorced, and was diagnosed with a brain tumor. With no money or health insurance, he was forced to get a job at Starbucks. Having gone from power lunches to scrubbing toilets, from being served to serving, Michael was a true fish out of water. But fate brings an unexpected teacher into his life who opens his eyes to what living well really looks like. The two seem to have nothing in common: She is a young African American, the daughter of a drug addict; he is used to being the boss but reports to her now. For the first time in his life he experiences being a member of a minority trying hard to survive in a challenging new job. He learns the value of hard work and humility, as well as what it truly means to respect another person. Behind the scenes at one of America ' s most intriguing businesses, an inspiring friendship is born, a family begins to heal, and, thanks to his unlikely mentor, Michael Gill at last experiences a sense of self-worth and happiness he has never known before. Watch a QuickTime trailer for this book.

Ishmael finds himself on a sprawling, epic hunt for the great white whale in one of the most singular and celebrated novels in American literature. First published in 1851, Moby Dick is narrated by the young seaman Ishmael who takes ship on the whaler Pequod, under the command of Captain Ahab. Once at sea Ahab reveals that their voyage is not aimed at profitable whaling so much as pure vengeance as they are to hunt the white whale that maimed him, leaving him with a single leg. A rich array of memorable characters are introduced as the Pequod sails the sea, encountering other whalers, hunting whales and seeking Moby Dick. Sprawling and discursive, luxuriant and richly textured, Melville ' s novel is almost a world unto itself. Life aboard ship, friendships between the diverse collection of sailors and the hazardous adventure of confronting whales on the open sea are captured unforgettably, but all of this is under the shadow of Ahab ' s all-consuming hatred of the white whale. As the ship draws nearer to confrontation with her captain ' s nemesis, the novel moves toward a devastating climax. Initially greeted with little enthusiasm by American critics, a notable exception being Nathaniel Hawthorne, Moby Dick has since come to be seen as one of the greatest achievements of American fiction and a classic for the ages. With an eye-catching new cover, and professionally typeset manuscript, this edition of Moby Dick is both modern and readable.

From the creators of the eponymous viral Tumblr comes a single day with your favorite authors in one Twilight-Zone-esque Starbucks... Ever wonder which intricate, elaborately-named drinks might be consumed if your favorite authors and characters wandered into a Starbucks? How many pumpkin lattes J.K. Rowling would drink? Or if Cormac McCarthy needed caffeine, which latte would be laconic enough? Look no further; LITERARY STARBUCKS explores such pressing matters with humor and erudition. Set over the course of a single day, and replete with puns and satirized literary styles, the three authors go darker, stronger, and more global than the blog in book format, including illustrations by acclaimed New Yorker cover artist and cartoonist Harry Bliss.
