Universities and Unicorns: building digital assets in the higher education industry Dr Janja Komljenovic, Director of the Centre for Higher Education Research and Evaluation at Lancaster, is leading a new project funded by an Economic and Social Research Council's New Investigator grant, to put university staff and student digital data under the microscope from a financial perspective.

Educational Research | Lancaster University

Educational research refers to the systematic collection and analysis of data related to the field of education. Research may involve a variety of methods and various aspects of education including student learning, teaching methods, teacher training, and classroom dynamics. Educational researchers generally agree that research should be rigorous and systematic. However, there is less agreement about specific standards, criteria and research procedures. Educational researchers may draw upon a va
