Here they come' is a half studio half live release and it's a decent 1965 type of rock effort. But 'midnight ride' came out in 1966 and was a monster hit. It even had a version of 'stepping stone' on it before the monkees had their version. It's got alot better songs on it and the band was at the top of the rock scene for a year at least to come. Not that they didn't have hits for another six ...

“I can imagine both Jane Austen and Raymond Carver pouring over this masterly novel” of a girl’s coming-of-age in 1970s New York (Frank McCourt). From the National Endowment for the Arts Award-winning author of the New York Times Notable Book, *The Sea of Trees*, comes the “shockingly funny” (*Vanity Fair*), “wholly unsentimental but peculiarly hopeful portrait of family love and growing up scarred but sturdy” (*LA Weekly*). her off-kilter family in a garbage-strewn apartment and a lonely hot dog vendor who trades Hershey bars for questionable favors, the pragmatic and absolutely fearless thirteen-year-old Smitty stands firmly grounded in a city that is stifling, violent, unpredictable, and full of life. It's not easy to stay balanced. Not with two precocious sisters, a pothead brother, a depressed but steel-willed mother, an infirm grandmother, and an idler dad who's vanished with his appallingly stupid mistress. Now, with dark humor, deadpan resilience, and a quiet sense of the surreal, Smitty recounts a remarkable chain of events that will make this the most transcendent year of her young life. In *Here They Come*, the PEN New England Award-winning Yannick Murphy "flawlessly captures a child's-eye view of a battered society and a battered family" (Los Angeles Times), "creating a world as magical and harrowing as the struggle to come to grips with maturity" (Publishers Weekly, starred review).

In this personal growth, the abnormal modern-day generation requires an uncommon life in the church and the ability to draw all men unto him (Jesus). Whether you are a pastor or a layman, you must be prepared for the new world order in this digital life. *Here They Come* will illuminate your mind for the shift to change the world.

"These are difficult times between our peoples, Miro. I wouldn't let Julianna leave if I had any doubt she didn't love you. So, let me get to the point. You must promise me now to take care of her, no matter what." Josif looked sternly at Miro, as if seeing right into his soul. "No matter what. Never for a moment think that your Serb roots are more important than her. If you run out on her to join the Yugoslav Army, or turn your back on any Kosovars to save your own skin, well, you better think about the consequences. Take her out of Kosovo, but bring her back once it is safe." Julianna Shala, a Kosovar Albanian, and her husband, Miroslav Cadikovski, a Kosovar Serb, pursue their love in a nation divided by ethnic strife and eventually full-scale war. For the couple, the 1999 war in Kosovo tests the limits of ethnic bonds and past loyalties. Inspired by Serb nationalists to seize Kosovo, the Yugoslavian Army, Special Police, and paramilitaries clash with the ever-swelling and committed defenders: the Kosovo Liberation Army. With tens of thousands of civilians homeless or exterminated and NATO's interdiction into the war on the side of the Kosovo Liberation Army, a vicious fight to the death ensues, and it's victor takes all. Here They Come weaves a tale of young love around the horrors of the Kosovo War and the heroism of those fighting it, including the NATO liaisons on the ground risking their lives for the mission who come to embrace

their mission's ideals. Boots on the ground and hearts in the crossfire, Here They Come captures the human dimensions of war.

There are some parts of the world where change comes slowly. There are other placed where it scarcely comes at all. In really remote areas time stands still. The passing of the centuries means no more than the passing of clouds across a leaden sky. In the wilder regions of eastern Europe and the dark forests of Transylvania ancient derelict castles moulder away in medieval gloom. There are deadly secrets behind the decaying walls. Karina was running away from the Secret Police. She accidentally stumbled upon the hidden headquarters of a coven of witches, warlocks and necromancers and as a result she found herself pursued by a thing that was not of this world. Karina had three desperate problems; to rescue her lover from the Secret Police; to save her brother from the coven; and to escape from the inescapable.

When the ruby locket she purchased at an estate sale transports her to a surreal world, Tish Everett finds her destiny in the arms of Criminy Stain, the dashing proprietor of a magical traveling circus, and must fight by his side to keep the necklace from falling into the wrong hands. 2019 First Novelist Award from the Black Caucus of the American Library Association An "urgent and heartrending novel about an America on the brink" (Matt Gallagher, author of *Youngblood*), *They Come in All Colors* follows a biracial teenage boy who finds his new life in the big city disrupted by childhood memories of the summer when racial tensions in his hometown reached a tipping point. It's 1968 when fourteen-year-old Huey Fairchild begins high school at Claremont Prep, one of New York City's most prestigious boys' schools. His mother had uprooted her family from their small hometown of

Akersburg, Georgia, leaving behind Huey's white father and the racial unrest that ran deeper than the Chattahoochee River. But for our sharp-tongued protagonist, forgetting the past is easier said than done. At Claremont, where the only other nonwhite person is the janitor, Huey quickly realizes that racism can lurk beneath even the nicest school uniform. After a momentary slip of his temper, Huey finds himself on academic probation and facing legal charges. With his promising school career in limbo, he begins to reflect on his memories of growing up in Akersburg during the Civil Rights Movement—and the chilling moments leading up to his and his mother's flight north. With Huey's head-shaking antics fueling this coming-of-age narrative, the novel triumphs as a tender and honest exploration of race, identity, family, and homeland, and a work that is "emotionally acute...eye-opening and rewarding for a wide range of readers" (Library Journal, starred review).

From the bestselling author of *Tides of Honour* and *Promises to Keep* comes a poignant novel about a young couple caught on opposite sides of the Second World War. In the fall of 1939, Grace Baker's three brothers, sharp and proud in their uniforms, board Canadian ships headed for a faraway war. Grace stays behind, tending to the homefront and the general store that helps keep her small Nova Scotian community running. The war, everyone says,

will be over before it starts. But three years later, the fighting rages on and rumours swirl about “wolf packs” of German U-Boats lurking in the deep waters along the shores of East Jeddore, a stone’s throw from Grace’s window. As the harsh realities of war come closer to home, Grace buries herself in her work at the store. Then, one day, a handsome stranger ventures into the store. He claims to be a trapper come from away, and as Grace gets to know him, she becomes enamoured by his gentle smile and thoughtful ways. But after several weeks, she discovers that Rudi, her mysterious visitor, is not the lonely outsider he appears to be. He is someone else entirely—someone not to be trusted. When a shocking truth about her family forces Grace to question everything she has so strongly believed, she realizes that she and Rudi have more in common than she had thought. And if Grace is to have a chance at love, she must not only choose a side, but take a stand. *Come from Away* is a mesmerizing story of love, shifting allegiances, and second chances, set against the tumultuous years of the Second World War.
