Fundamentals of Organizational Behaviour, Fifth Canadian ...

Unlike any other OB textbook in the market, Neubert, Dyck, Medcof and Wallers, Organizational Behaviour empowers students to look at OB through two lenses: the traditional, core concepts that focus on how to make a company profitable, and the sustainable, collaborative, creative, and ethical decision making lens that students and many employers of today are looking for in business. By inviting ...

#### Fundamentals of ORGANIZATIONAL BEHAVIOUR

Organizational Behaviour, Third Edition, builds on the strengths and successes of the previous editions and has been fully updated to reflect changes in the world of work and the context of organizational behaviour within that world. The authors combine a managerial approach, focusing on practical, real-world applications, with a rigorous critical perspective that analyses the research behind ...

OB is for Everyone Langton/Robbins/Judge, Fundamentals of Organizational Behaviour, 5e is the most student-engaging book in the market. It makes Organizational Behaviour relevant to students, no matter what their background or work experience (or lack of) or their career goals. As a pared-down version of the highly successful Langton franchise, this text is targeted at the college and university-transfer market for those who need a lighter, more accessible text. Note: MyManagementLab is not included with the purchase of this product.

Building on the success of the previous edition and the running theme that OB is for Everyone, this new edition presents all the essential topics in Organizational Behavior in a concise and readable format. Fundamentals of Organizational Behaviour, Fourth Canadian Edition, helps students make the connections between the subject, the world of research that supports OB, and students' everyday lives, both now and in their future careers.

Hitt's engaging book will help managers understand the linkage between managing behavior effectively and the organisation's ability to formulate and implement its strategy. It emphasises the relationship between management effectiveness and company performance. A case study on Whole Foods is integrated throughout the chapters and covers all major organisational behavior topics. It also underscores how people are important assets to organisations, and how application of their knowledge and skills is necessary for organisations to accomplish their goals. Managers will gain the skills to make a strategic impact within their organisations.

In their substantially revised Third Edition, McShane and Von Glinow continue the trailblazing innovations that made previous editions of Organizational Behavior recognized and adopted by the new generation of organizational behavior (OB) instructors. Acclaimed for its readability and presentation of current knowledge, this textbook's philosophy is that OB knowledge is for everyone, not just traditional managers. The new reality is that everyone -- sales representatives, production employees, physicians -- needs OB knowledge to successfully work in and around organizations. Organizational Behavior, 3rd Edition, is unparalleled in its ability to engage students by bringing cutting edge OB concepts closer to reality through the 'theory-practice link' approach. McShane and Von Glinow help readers connect OB theories to emerging workplace realities through hundreds of fascinating real-life stories from across the United States and around the world. McShane/Von Glinow's Organizational Behavior 3rd Edition also continues to be the source of the hottest topics, such as: workaholism, virtual teams, corporate social responsibility, Schwartz's values model, innate drives theory, workplace emotions, executive coaching, guanxi, appreciative inquiry, social identity theory, workplace bullying, workplace justice, and much, much, more.

Delivering what we've come to expect from this author team, McShane/Von Glinow 5e helps everyone make sense of OB, and provides the conceptual tools to work more effectively in the workplace. In their new Fifth Edition, McShane and Von Glinow continue the trailblazing innovations that made previous editions of Organizational Behavior recognized and adopted by the new generation of organizational behavior (OB) instructors. McShane and Von Glinow 5e is acclaimed for: Readability, presentation of current knowledge Strong International/Global orientation Contemporary Theory Foundation (without the jargon) Active Learning and Critical Thinking Support Textbook's philosophy-OB knowledge is for everyone, not just traditional managers. Reality is that everyone: sales representatives, production employees, physicians -- needs OB knowledge to successfully thrive in and around organizations. The authors' ability to engage students by introducing cutting edge OB topics while providing relevancy to OB concepts through the 'linking theory with reality' approach, is the reason OB 5e remains unparalleled in its ability to engage students. Hundreds of fascinating real-life stories captured from around the world, 'Linking Theory with Reality', remains one of the text's key, hearty features. The first to bring OB cutting edge topics, OB 5e continues introducing students to the present and future context of emerging workplace realities: social networks and virtual teams replacing committee meetings, knowledge replacing infrastructure, values and self-leadership replacing command-and-control management; companies looking for employees with emotional intelligence and team competencies, not just technical smarts. Diversity and globalization have become challenges as well as competitive opportunities for

organizations. Coworkers aren't just down the hall; they're at the other end of an Internet connection located around the world, and much, much, more.

For introductory courses in Organizational Behaviour, Organizational Psychology, Industrial Psychology, and Human Relations in departments of management, public administration, psychology, social work, political science, and education. Organizational Behaviour, 6ce is the most student-engaging comprehensive book in the market. It makes OB relevant to students, no matter what their background, work experience or their career goals. MyOBLab is not included with the purchase of this product.

The Seventh Edition of Canadian Organizational Behaviour is truly a "new and improved" McShane: new trim size, fresh new design, new co-author, reorganized table of contents, improved examples, and even enhanced readability. The McShane brand is known for its cutting edge research and scholarship, recognized for its "for Canadians, by Canadians" approach to content, and respected for its firm anchoring of Canadian material within a global context. No other OB book offers the kind of comprehensive coverage in such an accessible, readable format. Canadian Organizational Behaviour continues to lead the way as the most innovative OB text on the market. McShane was the first OB textbook to include topics such as workplace emotions, appreciative inquiry, social identity theory, future search events, virtual teams, workaholism, and emotional intelligence. The innovation continues in the seventh edition with new and expanded coverage of topics such as employee engagement, resilience, four-drive theory, blogs and wikis, psychological harassment, learning orientation, Schwartz's values model, and separating socioemotional from constructive conflict. The pedagogical features have been completely overhauled to speak to new and emerging topics in OB worldwide, including the opening vignettes, the photo essays in each chapter, and many of the end-of-chapter exercises and end-of-part cases.
