PRINCIPLES OF

MICROECONOMICS, Sixth

Edition, became a best  
seller after its

introduction and continues  
to be the most popular and  
widely used text in the  
economics classroom.

Instructors found it the  
perfect complement to their  
teaching. A text by a superb  
writer and economist that  
stressed the most important  
concepts without  
overwhelming students with  
an excess of detail was a  
formula that was quickly  
imitated, but has yet to be  
matched.

Summary. With its clear and engaging writing style, PRINCIPLES OF MICROECONOMICS, Sixth Edition, continues to be one of the most popular books on economics available today. Mankiw emphasizes material that you are likely to find interesting about the economy (particularly if you are studying economics for the first time), including real-life scenarios, useful facts, and the many ways economic concepts play a role in the decisions you make every day.
