Adam theory is basically correct...all that matters is price. The secret of success in the markets is to buy when a stock or commodity is going up, buy some more if it keeps going up, and buy some more if it keeps going up and start selling it when it starts to go down. Deceptively simple...too simple you might say!

Aspects of Adam Smith's Theory: The crucial aspects of development theory as propounded by Adam Smith are – (1) division of labour and (2) capital accumulation. Productivity of labors increases through division of labour. The two factors that facilitate the use of more division of labour are capital accumulation and size of market.
