The Driver is the third in Mark Dawson's
series centred on John Milton, a former
special forces operative, spy now turned
outlaw, and in my opinion is a softer book
than the first too. Milton has made his way
to California following his run in with the
Mexican drug cartels in book 2 and has
settled into a quiet life driving a taxi

The Driver - John Milton #3 (John Milton Series) eBook ...

This is Dawson's third in the John Milton series. Milton is still running from his British overseers and finds himself in San Francisco as a tax driver. He delivers a young lady to a party and the story begins. Its a solid plot, the villain is substantial and the supporting characters are adequate.

I would suggest reading them in order if possible. As there is a continuing back story as we watch our hero evolve. The books can be read in any order as each book is self contained but leave you wanting to find out what will happen next in the life of John Milton. John Milton reminds me a lot of Jack Reacher in the Lee Child series of books.

As unpleasant secrets leak out, and the body count rises, one thing is for sure. Milton might just be the right guy in the wrong place at the wrong time. The Driver is a taut, nail-biting adventure which once again stars Mark Dawson's irresistible hero, the maverick ex-MI6 assassin John Milton. Mark Dawson has worked as a DJ and lawyer and currently works in the London film industry.
